The new baronial cloak project is in a holding pattern. Fabric has been cut and designs has been vetted.

Many classes were held at Autumn War, though the oppressive heat kept attendance on the low side. Those who attended enjoyed themselves greatly. Siege cooking , brewing, largess, Hati Longtooth woodworking, and Iron Needle competitions were conducted, with many, many fine entrants. Several first-time AW instructors have asked to do it again next year.

At September Crown, Elizabeth FittzWilliam was elevated to the Order of the Laurel. (I am told the vigil was delightful, but it was a blur to me.)

Lord Defender was held 16-18 September. For the first time, this was a purely martial event. Arts and Sciences championship has been moved to the same date as Bardic championship and Embers & Ambrosia, which is the last weekend in April.

We've been asked by Homeschool Association to hold a demo focusing on Arts & Sciences June 9-10 in Puyallup. I am looking for a deputy to assist with getting to activities that I'm unable to attend due to work.

Gold Key: Lady Aleksandra Grozkaya reported by Deputy HL Audny- Nothing to report.

Chronicler: HL Emma Maydekyng- I am looking for a new Chronicler as I have been doing this for 2 years. Takes about 2-3 hours a month counting attending the business meeting and once a quarter another couple hours (more if you want to put more effort in).

Web Master: Baron Sir Aleksii- The emails are fixed. Getting our deputy Her Ladyship Audny up to speed on WordPress.
